Senior Housing

Safe and secure housing for deaf and hard of hearing seniors

The third floor of GLAD's four-story Eagle Rock headquarters consists of 14 efficiency apartments designed to meet the needs of low-income deaf and hard of hearing senior citizens. GLAD works with a professional management company to screen applicants and employs a Coordinator to oversee the housing program.

The people who live in the apartments enjoy an independent lifestyle they can make use of GLAD facilities and resources, laundry facilities and park-like grounds. A security system with closed-circuit TVs allows residents to see who is visiting before letting them in. Residents save their recyclable cans and bottles and use the redemption money for special treats such a dinner out at a local restaurant.

Many residents enjoy participating in a variety of GLAD hosted events. Often they can be found volunteering in various ways to assist the GLAD staff in a number of projects.

Community Events

Residents also enjoy playing cards and chatting with people who visit GLAD on Thursdays for the weekly Deaf Community Center socials. They feel comfortable and safe when they walk around the neighborhood. It feels just like home.

GLAD has three parking lots in the front and rear of the GLAD building, beautifully landscaped and convenient.

14 Efficiency Unfurnished Apartments

We have low rent, deaf friendly, kitchen/dinettes, full bathroom, laundry facility, unfurnished apartments with access to GLAD services and resident's parking areas are available.

"I wanted to share with you how much I continue to value and support GLAD! We feel that GLAD is the best service in Southern California for providing us with everything relevant to making our lifestyles more positive and successful. I love GLAD and appreciate all the benefits it entitles me to receive."
